tenant package

Looking after the things that matter is important to you, and My Mutual can help you do exactly that when you choose a My Mutual Tenant Package.

A quick peek around your condo or apartment may surprise you if you begin calculating what it would cost to replace the things you have.

Of course life isn't just about stuff, which is why the My Mutual Tenant Package will also look after you starting with \$1 million for personal liability if someone is injured in your apartment or you cause damage to another person or their property.

A tenant pack is a great way to help build your application when looking to rent, showing the property owner that you've got insurance coverage. It also helps build up your insurance history when you're ready to purchase a home and your insurance needs change.
